Maximize learning and engagement during small group instruction

Attendees become equipped with the skills necessary to confidently facilitate small groups and make large gains with limited time while in small group instruction. Learn how to make instruction engaging, clear and foster transfer of skills while increasing independence.

Topics of study:

- Successful transitions to increase independent learning and maximize every moment during the small group
- Thoughtful instructional tips to expand long-term memory and comprehension
- Crucial skills to build engagement, understanding, and independence at the table and increase transfer of skills
- Key phrases to use when giving academic feedback

Highlights of Maximizing Instructional Impact Right Here:

- Techniques are practical and easy to implement
- Skills help educators maximize critical limited instructional time with students

Attendees are able to support students positively:

- Students are more productive, self-directed, and responsible
- Students are happier and more engaged with learning and have fewer removals
